

ARE YOUR BUNIONS CAUSING YOU PAIN?

Keyhole Bunion corrections performed as a day procedure

Dr. Mike Smith, from Orthopaedics360, is very pleased to be providing a unique **free educational event** for anyone interested in learning more about 'Keyhole' bunion corrections and what they can expect from this procedure

This event is aimed at providing information for anyone with a problematic bunion that is interested in having these corrected via the minimally invasive / keyhole technique in the private sector. Dr. Smith will discuss this technique in detail and there will be an opportunity for any questions in relation to technique and expected recovery.
